

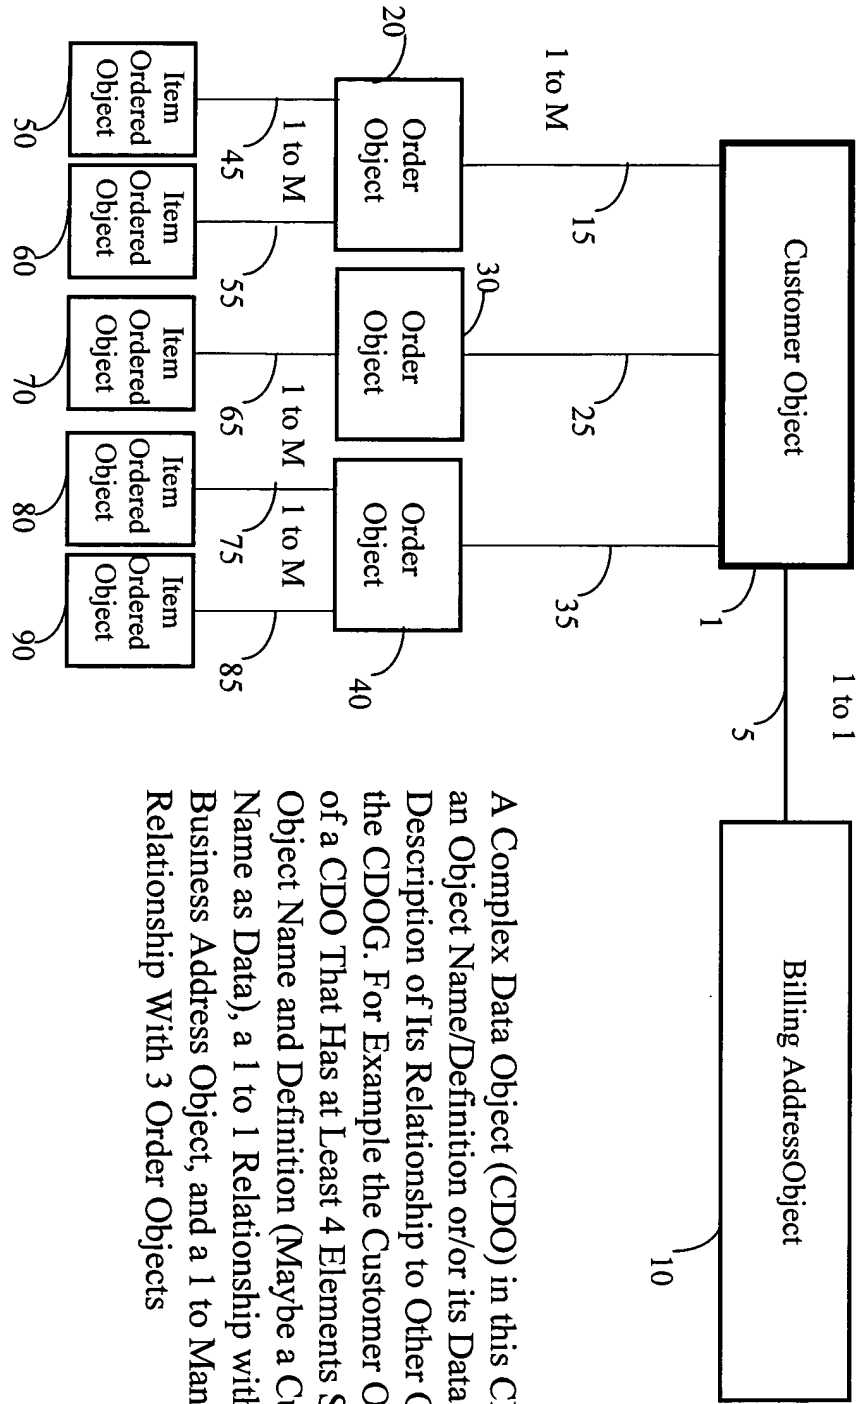

FIGURE 1
(Complex Data Object Graph, “CDOG”)

A Complex Data Object (CDO) in this CDOG shows an Object Name/Definition or/its Data Plus a Description of Its Relationship to Other Objects in the CDOG. For Example the Customer Object is Part of a CDO That Has at Least 4 Elements Shown: the Object Name and Definition (Maybe a Customer Name as Data), a 1 to 1 Relationship with the Business Address Object, and a 1 to Many (1 to M) Relationship With 3 Order Objects
